

ENVIRONMENTAL SUSTAINABILITY COMMITMENT

ITW Pro Brands operates our business in a way that demonstrates our commitment to global environmental sustainability and improving our environmental performance on an ongoing basis. We are dedicated to designing products to meet the needs of heavy industry while minimizing the impact on the planet through focused improvements that foster a sustainable future including:

- ▶ Formulating products to lower Global Warming Potential (GWP) and improve air quality through lower Volatile Organic Compound (VOC) content
- ▶ Prioritizing health and safety profiles of product formulations
- ▶ Increasing recycled content in product packaging and components
- ▶ Focusing on production processes that reduce energy consumption and minimize waste

Everyone in the organization has a responsibility to preserve and protect the environment, conduct operations in a safe manner, and recognize the potential impacts of our operations on the planet. ITW's longstanding commitment to sustainability is rooted in our core values and fundamental to who we are as a company.
